Specifications

Merco's innovative holding cabinets with integrated touch-screen technology helps you to manage your kitchen operations effectively. Easy to program menu and holding options allow maximum flexibility.

Wi-Fi and optional exclusive tray tracking abilities provide maximum efficiency for your operators, while maintaining optimal food quality for your customers.

Colorful displays can easily be viewed from across the kitchen, allowing users to quickly visualize food status.

The Merco Visual Holding Cabinets take the worry out of maintaining food quality while holding a wide range of foods safely. Merco's innovative technology gives you a holding cabinet with premier versatility and reliability.

CareCodes provide on-equipment access to key resources, training, parts, accessories and service information from any smart phone or similar device.
